

Tell us about your bus
journey – make sure
your voice is heard!

Hello, we'd love your help!

We know how busy everyone is, but it would be brilliant if you could spare around 10 minutes to tell us about your bus journey today.

Who are Transport Focus?

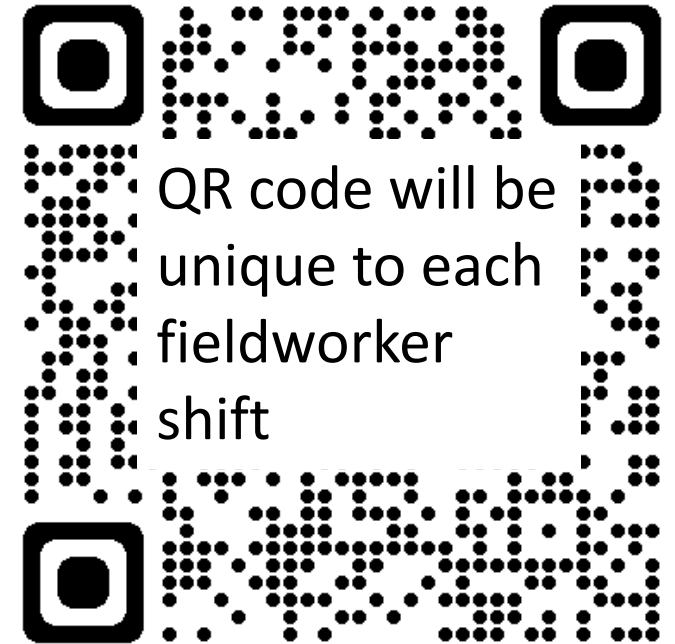

We are the independent consumer organisation that promotes the interests of bus passengers. It's essential that we hear from people like you about what their journeys are like – so that we can push for improvements to be made. We collect the views of hundreds of thousands of passengers every year.

Everything you tell us is completely anonymous, we won't contact you afterwards or pass on your details.

If you would like to know more about Transport Focus and how we make a difference for transport users, have a look on our website www.TransportFocus.org.uk

What we would like you to do

There's an online survey we would like you to complete, which you get to by using the **QR code** on the right.

Thank you! Your help is really appreciated!
